TECHNICAL SKILLS

Strong: React.JS • JavaScript (ES 5/6) • CSS3 • HTML5 • Node.JS • Arduino • jQuery • OOP • API

Experienced: Java • MySQL • PostgreSQL • Node.js • BootStrap 4 • Flexbox

Tools: Git • GitHub • VS Code • Postman • MeisterTask • Chrome Dev Tools • Figma • AWS • Ubuntu

APPS DEVELOPED

Wicked Pedals

[Live](#) // [GitHub](#)

- Produced an e-commerce app using **React.JS**, applying **BootStrap 4** to style the app using **Fetch API** to connect with the backend and request information about products and the user
- Developed a backend server to keep track of products and orders using **PostgreSQL** to create a dynamic database that integrated the **Express** framework to connect the backend with the frontend
- Applied the use of **sessions** and **cookies** in order for different customers to keep track of items in their respective carts and to return where they left off shopping

Shadow Realmer

[Live](#) // [GitHub](#)

- Conceived a meet-up app for trading card game players with a team of four utilizing **React.JS** and **CSS3**
- Constructed a backend to store user profiles, events, and user hangouts with **PostgreSQL** by applying **Google Maps API** to link events in the database to real stores
- Planned using **Figma**, **MeisterTask**, and **DBDesigner** to arrange an organized course of action, keep the team accountable, and improve efficiency by about 30%

Yu-Gi-Oh Memory Match

[Live](#) // [GitHub](#)

- Designed a card matching game based off a popular trading card game using **HTML5**, **CSS3**, and **JavaScript** with **jQuery** to manipulate DOM elements and provide functionality
- Implemented **responsiveness** using **Flexbox** and **media queries** to scale the game to proper screen sizes
- Developed a basic **JavaScript** AI to play against with stat tracking and animations to enhance user experience

PROFESSIONAL EXPERIENCE

Code Sensei | Code Ninjas

March 2019 - November 2019

- Instructed over 30 students from ages 6-13 for Computer Science, primarily **Scratch** and **JavaScript**, collaborating with other Senseis to develop curriculum and lesson plan
- Maintained spreadsheets of student progress and communicated student success with parents
- Provided marketing support which increased new student signups by about 15%

Storefront Associate | Sunmerry Bakery

January 2019 - April 2019

- Assisted customers at the cash registers and handled transactions in person and over the phone by sharing detailed knowledge of pastries, cakes, and drinks
- Increased sales through selectively organizing and stocking shelves by 20%

EXTRACURRICULAR ACTIVITIES

Core Coordinator | Asian American Christian Fellowship

September 2016 – June 2017

- Managed a budget of \$100k to refine the ledger system and streamlining forms to use throughout the year for 5 campus-wide social events and scholarships for club members
- Reduced operational costs by 5% through improving quality and efficiency of services and events including t-shirt production, socials, and weekly meetings

EDUCATION

LearningFuze, Accelerated Web Development Program

800+ hours programming in a real world environment under the guidance of senior developers

University of California, Santa Barbara, Environmental Science
